## INDUSTRIAL ENGINEERING POLAND LTD.

CPS – IEP sp. z o.o.  
ul. Długa 47, Mareza  
82-500 Kwidzyn

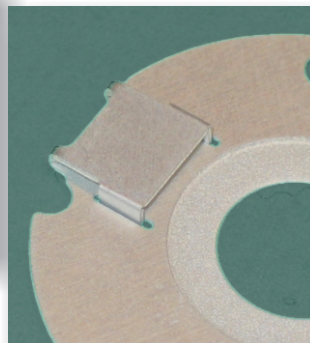

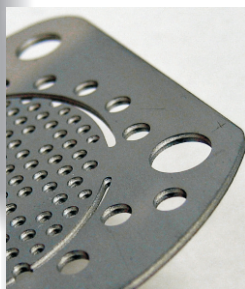

Phone: +48 55 261 90 08  
E-mail: [office@cps.com.pl](mailto:office@cps.com.pl)  
NIP: 581-17-23-083

# Steel Material Dimensions

T=0,015 - 1,5mm

Metal: Al, Cu, stainless-steel, brass, and more..

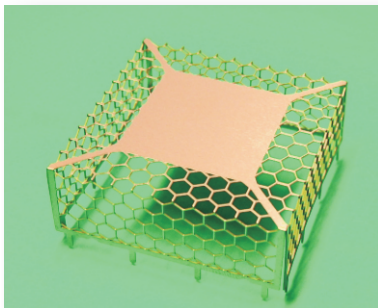

In-house manufacturing producing etched parts such as EMC caps, antennas, paste/glue stencils, etched design parts, Emblem.....

**CPS**  
**INDUSTRIAL ENGINEERING POLAND LTD.**

# Etching Advantages

- Fast deliveries and **low tooling cost**
- No material impact
- No burring or sharp edges
- Advanced geometries, bending marks
- Almost any design is possible
- Step-etch in several levels, Surface etching
- High precision, tolerance down to  $\pm 0,01\text{mm}$
- Many different materials, thin material to  $0,02\text{mm}$
- Small fast series and large volumes

# CPS

**INDUSTRIAL ENGINEERING POLAND LTD.**

## High precision Etching to more than 400 customers worldwide

- More than 20 years of producing precision etched parts
  - Delivery of etched thin metal parts, antennas and EMC shielding cans, design photo-parts for many different companies around the world
- Can utilize all known data formats
- We use Cam350 and Genesis.
